HOUSTON SECTION Scholarship Program

Scholarships are awarded to successful applicants who attend an accredited technical school, college or university. ISA provides its members with unparalleled access to technical information, professional development resources, and opportunities to network with other automation professionals.

In addition to these unique benefits, memberships support a not-for profit organization dedicated to the advancement of the *state of the art* and recognition of the automation profession. For more information on the scholarship program, please check our website:

[www.houstonisa.org/
scholarship_program.htm](http://www.houstonisa.org/scholarship_program.htm)

ISA is a *not for profit* organization that helps its 30,000+ worldwide members and other automation professionals solve difficult technical problems, while enhancing their leadership and personal career capabilities. ISA develops standards; certifies industry professionals; provides education and training; publishes books and technical articles; the Houston Section will host the largest conference and exhibition for automation professionals in the Western Hemisphere

ISA's Core Competencies
